

USER GUIDE

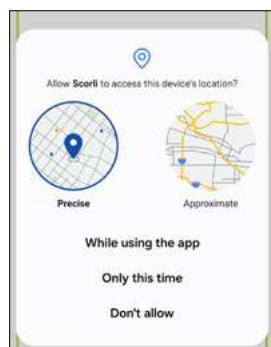

Updated Version 03.2026

Getting Started

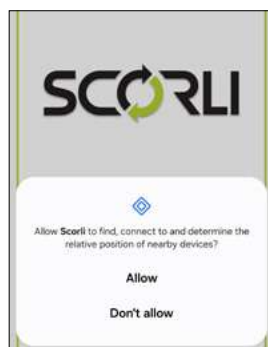

1 Download the **Scorli App** from Google Play or the App Store.

2 Allow the Scorli app to find and connect to nearby devices via Bluetooth. Tap "Allow" to continue

3 Location access is required for Bluetooth scanning and device connection. Select "While using the app" and choose Precise location.

4 Switch on Scorli's screen.

5 Open the Scorli app.

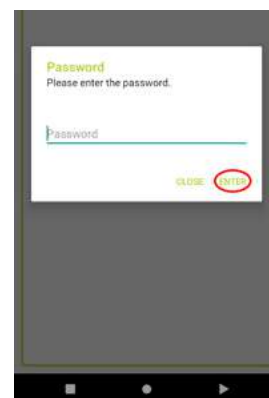

Android:

6 A popup will automatically appear asking if you want to connect to the screen.

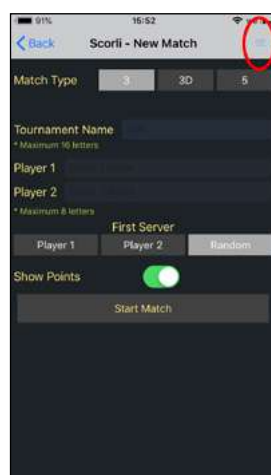

7 Enter the one-time pairing code: **427850**.

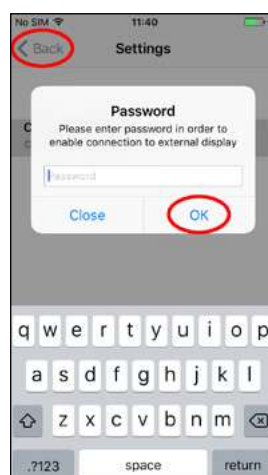

iPhone:

6 Tap the orange four-square icon in the top-right corner to open the connection screen.

7 Entering the password for the first time must be done in the Game Settings menu. This process is required for each device connecting to the screen.

Game Setup

1 Select the desired game type.

2 Tournament - enter the name.
Up to 10 characters for S/L screens.
Up to 20 characters for M screens.

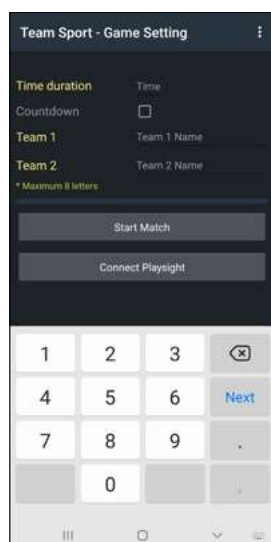

3 Team games - enter the team / player name.
Up to 5 characters for S/L screens.
Up to 10 characters for M screen.

Game Settings

Team Sports:

Set the match duration and select count-up or countdown mode. Enter teams names (up to 4 characters).

Padel:

Choose **Advantage** or **Golden Point** scoring.
Enter the tournament name (up to 8 characters) and the 4 players names (up to 4 characters each).

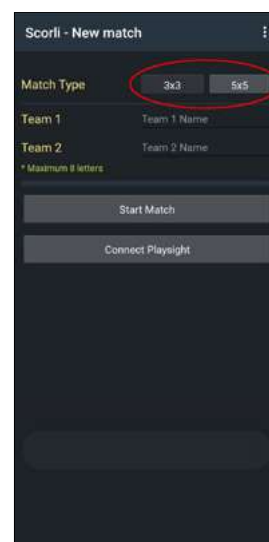

Tennis:

Select **3 sets**; Doubles or **5 sets**.
Enter the tournament name (up to 8 characters) and the 2 or 4 players names (up to 4 characters each).

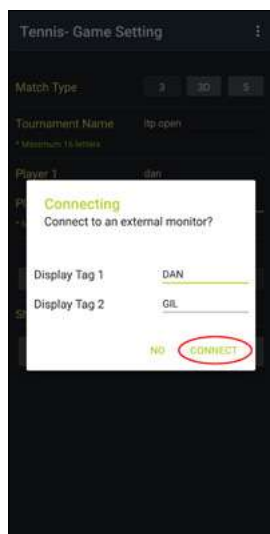

Basketball:

Select **5v5** or **3x3**.
Enter teams names (up to 4 characters each).

Starting the Game

1 Tap "Connect to Screen".

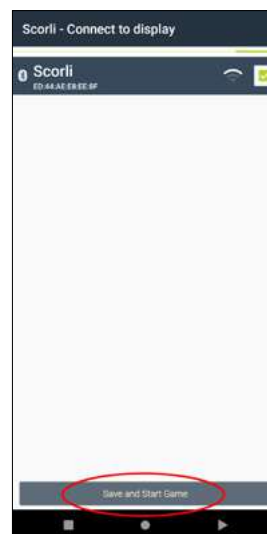

2 Select the screen (square icon).

3 Press the white box until a green checkmark appears.

4 Press "Save and Start Game".

If multiple screens are available:

Select the checkmark only **next to the screen you want to control**. The screen name appears in white text below the Bluetooth icon.

If the screen only shows the time:

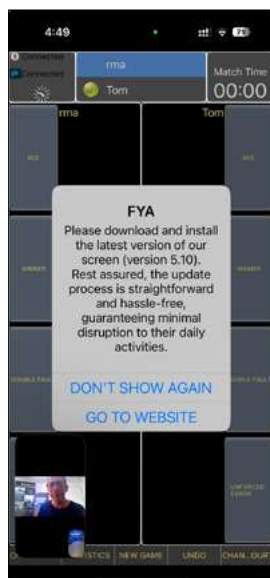

1. Disconnect the screen from power.
2. Reconnect it to power.
3. The screen name should then appear.

You can control up to two screens at the same time (Android only). Simply select the two screens you want to connect. Keep your phone within 40 meters for optimal performance.

Scoring

1 This message appears once on first use. Latest version: 5.15
If 5.15 is shown at the bottom-left, tap "Don't show again". Otherwise, tap "Go to Website" to update.

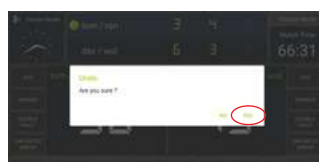

2 Update the score by tapping the touchscreen.

3 To correct a mistake: Tap Undo.

4 Confirm the action - YES. The last point will be removed.

Disconnection

If the app disconnects from the screen: The status “Not Connected” will appear in the top-left corner, next to the Bluetooth icon.

To reconnect: Return to section Login number 1-4

Smart Bracelet

Buttons

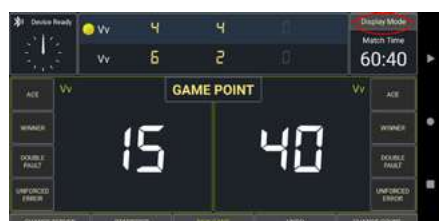

1 Use the Smart Bracelet to update scores live during the game.

2 Set up the game in the app before starting.

3 Assign one player to wear the bracelet and manage scoring.

Advertising

1 To upload advertisements (logos or videos) of sponsors, press the DISPLAY MODE button.

2 A pop-up will appear, and by selecting Advertisement, the screen will switch to advertisement display.

3 To return to game mode, repeat the same action and select Scoreboard.

Instructions for uploading ads are shown below ➡

Sponsorships and Videos Clips Upload Guide

Simple 11-step guide for customers publishing images & videos to LED screens
