SCORLI Scoreboard Display

Scorli Portable Wireless Scoreboard

The Scorli Scoreboard is designed to meet tough **Beach condition** (Ip 65 standard). It is **light** (only 15KG) and **easy** to place it on tripod in any corner of court, or hang on the wall.

A smartphone uses Scorli APP transmits the scores to Scorli Scoreboard in real time via Bluetooth (up to 70-meter distance).

Advertising or other marketing material can be displayed through a wi-fi PC card + application that is installed in laptop / smartphone / tablet.

Scorli's underlying technology is fully patent protected (US patent).
