Portable Wireless Scoreboard for Soccer and Beach Soccer

and team sport ; Racket games ; Beach Games

SCORLI Scoreboard Display

Scorli Portable Wireless Scoreboard

Scorli Scoreboard is an outdoor/indoor color display that can display scores of soccer, beach soccer and multi sport in real time. The scores are transmitted via Bluetooth from a smartphone based on Android or IOS (iPhone).

The Scoreboard uses Scorli dedicated firmware + application (Scorli App) that allows transmitting the results up to 70-meter range.

Advertising or other marketing material can be displayed through a wi-fi PC card + application that is installed in laptop / smartphone / tablet.

Game analysis can be presented.
